

## Our services

Available nationally to all public sector and charitable organisations

---

Building Engineering Services -  
all UK regions

**Lot 8**

**FUSION**<sup>21</sup>

**HOLLIS**

Hollis is an appointed supply partner to Fusion 21's Consultants Framework, which provides a full range of consultancy services suited to construction, property and built environment. The framework covers a wide range of multi-disciplinary services – and is suitable for public sector clients who own or manage properties in the residential, education, health, blue light and local & central government sectors.

### Benefits of using the framework

---

- Flexible pricing options available allowing call off of a comprehensive range of works and services to enable smooth running of any facility small or large.
- Flexible approaches to call off without reopening competition – Direct Award (with or without Negotiation), Single Stage and Two Stage Mini Competitions.
- Procured in line with Public Contracts Regulations 2015 and Public Contracts Regulations (Scotland) 2015.
